

Implementation and Dissemination Research Workshop

You're invited to participate in a workshop focused on the topic of implementation and dissemination research. Following a presentation on key concepts, issues, and practices, participants will be given the opportunity to apply them to their own research, with the guidance of the presenters.

Led by

Dr. James Emshoff

Department of Psychology, Georgia State University,
EMSTAR Research, Inc.

&

Dr. Rita Noonan

Centers for Disease Control & Prevention, National
Center for Injury Prevention & Control

Workshop Objectives

- Understand the critical role of translating research into the community through implementation and dissemination research
- Learn new strategies that will help enhance your research efforts in this realm
- Use the CDC's Interactive Systems Framework to understand this field
- Include implementation constructs as independent variables in research design and analysis

Details

- January 29th, 2010
- 8am – 12pm
- Breakfast included
- Faculty Office Building
49 Jesse Hill Jr. Drive
Atlanta, GA 30303
Room 101
