

Clinical and Translational Research Seminar

Lecture Topic:

“How BRCAness Results in ER-Negative /
Positive Breast Cancers: A Twist in the Tail ”

Presenter:

Veena N. Rao, PhD

Professor and Co-Director, Cancer Biology Program

GCC Distinguished Cancer Scholar

Georgia Cancer Center for Excellence

Department of OB/GYN

Thursday, February 11, 2010, 1:00 - 2:00 pm, MRC Bldg, G-14

Sponsored by the Master of Science in Clinical Research Program | ACTSI | Clinical Research Center

The Master of Science (MS) degree program is a broad-based multi-disciplinary graduate level program in clinical research designed to prepare clinical and translational research faculty, residents and others for a career in clinical research. The program provides training in the principles and methods of biostatistics; epidemiology, including genetics and clinical trials; and outcomes research, including health services research and health economics; and application of these principles/methods to clinical research.
