

Emory University Office for Clinical Research (OCR)

Research Matters @ Emory – Special Event

Join us for a special two-hour interactive clinical research workshop led by Dr. Tamara Norton Smith.

“Enhancing Patient Safety through Self Monitoring and Corrective Action Plans”

Tamara Norton Smith, PhD, MT (ASCP) is a nationally recognized specialist in Clinical Trial Compliance education.

Dr. Smith has over 20 years of clinical research experience and is a former Award Winning U.S. FDA Field Investigator.

Highlights of this two-hour interactive workshop will include:

- The Difference between Reactive and Proactive compliance
- The Corrective and Preventive Action (CAPA) process and steps
- Root Cause Analysis
- Delegation of Authority within a CAPA process

This workshop is being offered twice. Please select from one of the times below :

August 25th, 11:30 pm – 1:30 pm *– Winship Cancer Institute Auditorium

or

August 26th, 11:30 am -1:30 pm * - EUH Auditorium, 2nd Floor

***Note:** The sessions above have been customized for our research staff. If you are an investigator, please watch for information on our Investigator Workshop.

To get the most out of your course experience, we recommend that you complete the CITI *GCP module* prior to this workshop. Lunch will be provided.

To register for this course, follow the steps below:

Log into the Emory LMS – you can follow this [link \(https://elmprod.emory.edu\)](https://elmprod.emory.edu)

Select: Browse Catalog
