

# The 7<sup>th</sup> International Symposium on Biomechanics in Vascular Biology and Cardiovascular Disease

Abstract Deadline  
February 10, 2012

April 26-27th

2012

Georgia Institute of Technology and  
Emory University, Atlanta, GA, USA

*This annual symposium brings together engineers, life scientists, physical scientists, and clinicians to examine the role of biomechanics in cardiovascular disease.*

**Conference websites:**

[biomechanics.gatech.edu](http://biomechanics.gatech.edu)  
[www.shearstressymposium.nl](http://www.shearstressymposium.nl)

**Conference Sessions:**

Mechanotransduction, Plaque progression and rupture, Aneurysm development, Mechanosensitive gene regulation.

**Conference Includes:** Oral presentations, poster session, young investigator awards.

## Featured Speakers:

- Shu Chien, MD, PhD, UCSD
- Peter Hunter, PhD, University of Auckland
- Peter Davies, PhD, University of Pennsylvania
- Patrick Serruys, MD, Erasmus MC
- Peter Stone, MD, Brigham & Women's Hospital
